

Amendments to the Claims:

This listing of claims replaces all prior versions and listings of claims in the application:

Listing of Claims:

1. (Previously Presented) A head lamp for a vehicle comprising:
a lamp body having a concave portion opened toward a forward direction;
a reflector tiltably supported by the lamp body, and
a reflector tilting means for tilting the reflector,
wherein the reflector tilting means is attached to an attachment portion provided within the lamp body, and
the reflector tilting means is coupled to the reflector at a position behind the attachment portion.
2. (Currently amended) A head lamp for a vehicle according to claim 1,
wherein the reflector tilting means is a leveling device comprising a driving source and a leveling shaft,
the leveling device is attached to ~~[[an]]~~ the attachment portion in a state where the leveling shaft is protruded backward, and
the leveling shaft is connected to the reflector.
3. (Original) A head lamp for a vehicle according to claim 1 wherein the attachment portion is formed as a member separately provided from the lamp body and fixed to the lamp body by a fixing means.
4. (Original) A head lamp for a vehicle according to claim 3 wherein the fixing means is a screw.

5. (Original) A head lamp for a vehicle according to claim 1,
wherein the reflector is supported by the lamp body at two points on an upper side
and one point on a lower side, and
the support on the lower side is performed by the reflector tilting means.

6. (Previously Presented) A head lamp for a vehicle comprising:
a lamp body opened toward a forward direction;
a reflector tiltably supported by the lamp body, and
a leveling device; and
an attachment portion, wherein the leveling device is supported by the lamp body through
the attachment portion, and
wherein the reflector is coupled to the leveling device at a position behind the attachment
portion.
